*Film and Sheet Extrusion* is the monthly magazine providing business, industry and technology news for manufacturers, converters and specifiers of plastics film and sheet around the globe - our 29,330 email subscribers cover more than 150 countries. It is accessed by thousands of readers every month free-of-charge online, on tablets and smartphones, and via our free app for the iPad, iPhone and Android devices.

*Film and Sheet Extrusion* delivers relevant and up-to-date information on the most important technical developments, market trends, business news and legislative announcements direct to readers' email inboxes or smart devices. And, unlike general plastics magazines, it is 100% focused on the specific information needs of plastics film and sheet producers.

Published by our expert editorial team at AMI - the leading provider of databases, market intelligence, conferences and expos for the global plastics processing industries - *Film and Sheet Extrusion* benefits from access to our detailed databases of senior decision makers at plastics film and sheet production and conversion sites across Europe, the Americas, Asia and the Middle East. These global databases include key purchasers of polymers, additives, processing machinery and ancillary equipment built up over more than 35 years.

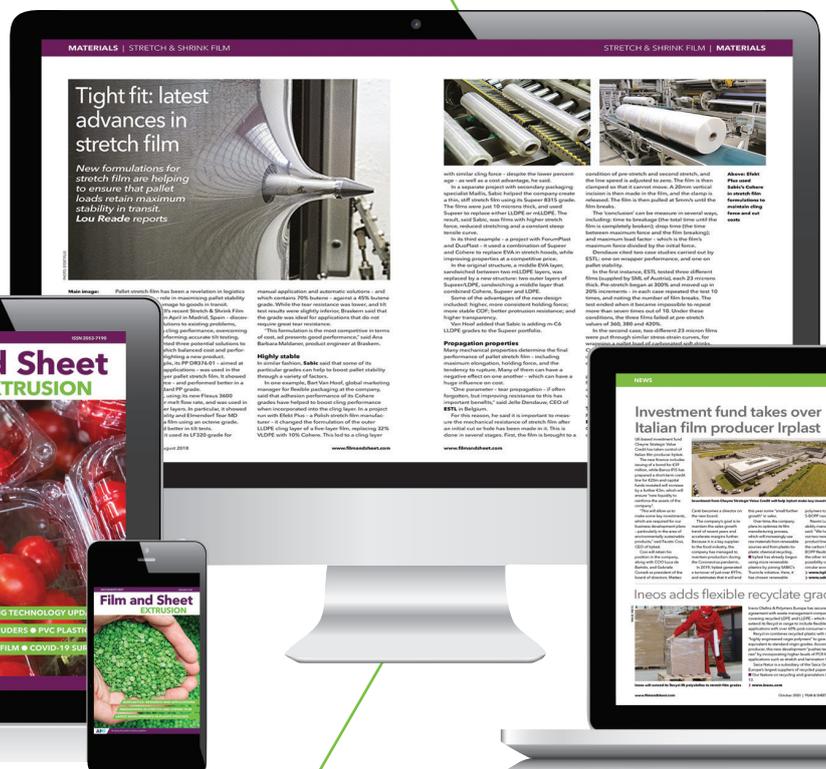

Our advertisements are very competitively priced and include links directly to your website. If you are selling machinery, ancillary equipment, materials, additives or services to the film and sheet production industry, then *Film and Sheet Extrusion* is the vehicle to promote your business globally.

# Digital magazines for the digital age: online; on tablets; on smart phones

We lead the way with electronic magazines for the plastics industry

*Film and Sheet Extrusion* combines the simplicity and familiarity of a printed publication with the additional features of online delivery and digital interactivity. Readers can forward links to articles – allowing valuable content to be shared with colleagues and customers – and download PDFs for storage and printing.

The magazine is available free-of-charge online using a standard web browser. Subscribers are notified of each new edition of *Film and Sheet Extrusion* by email – an important benefit in our post-Covid world of mobile and remote working – with a single click taking them directly to the magazine (our 29,330 email subscribers cover more than 150 countries).

*Film and Sheet Extrusion* can also be read on iPad, iPhone and Android-based devices using our free app, which has been downloaded more than 12,800 times from 127 countries and is extending our reach into key fast growing markets such as India and Thailand.

We also use our @PlasticsWorld **Twitter** feed to keep readers up to date with the latest plastics industry news and to let them know whenever we publish a new edition of *Film and Sheet Extrusion* magazine. @PlasticsWorld has a global following of more than 21,400 people and is the most followed plastics industry news feed on Twitter.
